Presenting NEW X-Factor Garments by NSA Xtreme Cut Protection

X-Factor garments are powered by X13™ yarn engineered to deliver superior performance, comfort and protection.

Xtreme Protection

1700 Grams Cut Protection Per ASTM 1790
ANSI 105 Cut Level 4

Xtreme Comfort

Engineered to wick moisture, stay cooler and more comfortable.

Xtreme Durability

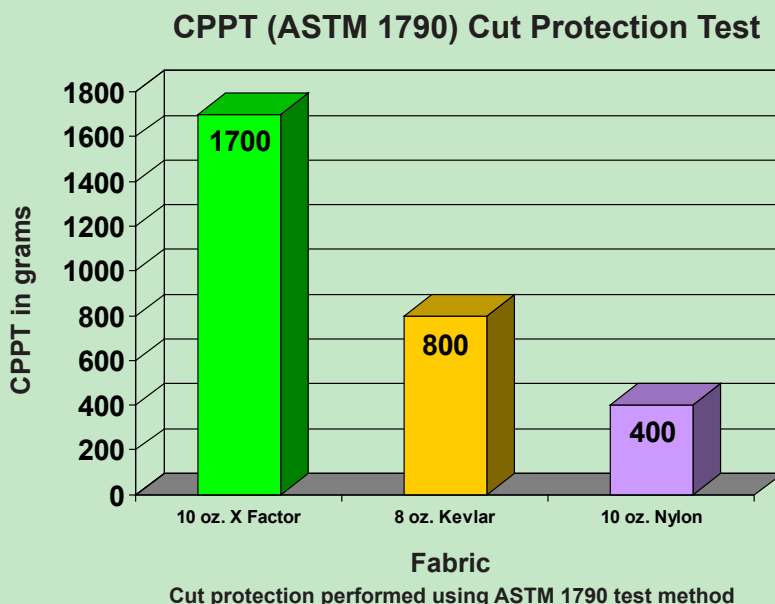

Delivers added protection and longer life with less fabric weight and better abrasion.

Xtreme Safety

Added comfort and appearance assures consistent use and increased safety on the job.

Xtreme Difference

Distinct appearance designed to stand apart from traditional spun protective products.

X13™ is a trademark of Patrick Yarns
